Campus Access for Employees and Students

Please be advised that Health and Style Institute is now closed for business and is no longer an insured business entity. You are entering the premises at your own risk. Health and Style Institute and its employees, representatives, agents, owners, officers, and landlords are not responsible for your safety and security during your visit. Further, Police Officers will be present solely to protect the interests of Health and Style Institute's landlords and creditors who now own the assets of the business. These assets include, without limitation, all furniture, fixtures, equipment, leasehold improvements, inventory, and supplies. To maintain order, access to the facilities will be allowed to one person at a time. Students will only be allowed to go directly to their locker to obtain personal belongings from that locker. Employees will only be allowed access to their office to obtain personal belongings. Access to any other area of the building will be prohibited. Access to the space will only be granted to one person at a time. Identification will be required upon entry. Violation of any local laws prohibiting theft, damage to property, and/or other criminal behavior will result in arrest and criminal prosecution.
